

Stops Codebook

Stops

- **stop_id**: Identifier for each stop.
- **time**: Time of the stop in YYYY-MM-DD HH:MM:SS format.
- **date**: Date of the stop in YYYY-MM-DD format.
- **district**: Police district where the stop took place.
- **po_first**: Was the focal officer the first to respond to the scene?
- **stop_type**: What was the type of the stop?
- **contact_type**: Collapsed version of **stop_type** (less categories).
- **civ.race**: Race of the civilian.
- **civ.gender**: Sex of the civilian.
- **civ.age**: Age of the civilian at the time of the stop.
- **lat**: Latitude of the stop.
- **lon**: Longitude of the stop.
- **officer_id**: Unique identifier for the officer.
- **month**: Month of the stop in YYYY-MM-DD format. The day is always the first day of the month.
- **civilian_race_short**: Collapsed version of **civ.race** (less categories).
- **hour**: Hour of the day when the stop took place rounded to the nearest hour in military time.
- **officer_stop_id**: Column created by Risi for uniquely identifying each observation in the stop table.
- The unit of analysis is a unique officer involved in a stop. Each row can be uniquely identified by **officer_id** and **stop_id** or **officer_stop_id**.
- Each stop involves only one civilian, but they can involve multiple officers. It is possible multiple stops are all a part of one larger incident involving multiple civilians. This can be investigated by examining stops that took place in the same location at the same time involving the same officers.
- **Number of rows**: 1703158
- **Number of unique stops**: 946912
- **Number of unique officers**: 8937

Stop Type vs. Contact Type

“Stops for ‘dispersal’ and ‘gang and narcotics-related loitering’ are coded as loitering stops; those that are ‘gang / narcotics related’ are coded as drug stops; ‘investigatory stops’ and stops of ‘suspicious persons’ are coded as suspicious behavior; and stops under the ‘Repeat Offender Geographic Urban Enforcement Strategy (ROGUES)’ program are combined with the ‘other’ category.” page 8 of Appendix Section S1.5 in Ba et al. 2021.
